1. Connect your Roku streaming player to your TV with the included High Speed HDMI® Cable or use your own cable.

2. For best start-up time, use the included power adapter to connect to a wall outlet. Or, connect the included USB cable to the USB port on your TV. USB power may not work with all TVs.

3. Insert the provided batteries into your remote, (-) negative side first.

4. Remote must be within line of sight of your streaming player.

Finally, power on your TV, set the HDMI input (or A/V input) to your Roku streaming player and press the Home button on your Roku remote.

If you see a red light on your Roku player then the USB port on your TV is not providing enough power. Use the power adapter instead.

Insert the provided batteries into your remote, (-) negative side first.

Remote must be within line of sight of your streaming player.

Place your streaming player next to your TV.

Use included adhesive strip to attach player to your TV.

Don’t place behind TV.

Don’t place inside cabinet.

For best wireless connection and to prevent overheating, do not place inside cabinet.

Don’t place behind TV.

Finally, power on your TV, set the HDMI input (or A/V input) to your Roku streaming player and press the Home button on your Roku remote.

If you see a red light on your Roku player then the USB port on your TV is not providing enough power. Use the power adapter instead.
